**RE: DA2022/1123 - 8 Barrabooka Street CLONTARF NSW 2093**

Dear Adam Croft,

I am lodging this submission in objection to the proposed development @ 8 Barrabooka st, Clontarf 2093. I am concerned about the significant increase of this property which is considered as alterations to an existing dwelling, however the proposed alterations increase the existing dwelling by over 100%. The proposed house moves significantly forward on the block, much further down the block than no. 10 and 12 Barrabooka St and imposing on them. I am concerned about the impact that this proposed overwhelming 3 storey structure will have on our surrounding properties and believe the excessive size of this structure should be revised and scaled down.

Kind regards  
Sharyn Johnston
