**RE: DA2023/0718 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I support Bayview Golf Club's DA to renovate 11 greens and build 1 new green because this DA enhances the natural and developed environment, provides a green belt and sporting reserve supporting the mental health of all residents, including a buffer zone separating built up areas from natural bushland thus providing a sanctuary for many water and bush based flora and fauna and importantly prevents both the over use of local natural resources and prevents excessive erosion.
