**RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106**

Dear Northern Beaches Council,

I am writing to express my strong support for the Newport Surf Life Saving Club's development application. As a member of the community and the club, I believe the proposed improvements are essential for several reasons:

**Enhanced Safety and Accessibility:** The new design will significantly improve accessibility for all members, including those with disabilities, ensuring everyone can safely enjoy the facilities.

**Increased Storage and Space:** The additional storage and floor space are crucial for accommodating the growing number of members and equipment, which is vital for the club's operations and effectiveness in life-saving activities.

**Community Benefits:** The upgraded facilities will provide a better environment for community events and activities, fostering a stronger community spirit and engagement.

**Heritage and Modernization:** The proposed plan respects the heritage of the existing building while incorporating modern elements that will ensure the club remains a functional and attractive asset for future generations.

**Environmental Considerations:** The inclusion of a seawall to protect against coastal erosion demonstrates a commitment to sustainability and the long-term preservation of the club and surrounding beach area.

I urge the council to approve this development application, as it will greatly benefit both the club and the wider community.

Thank you for considering my submission.
