RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

To Council,

Is this DA for telecommunications facility involving mobile phone or radio frequency networks related equipment?

What is the radio frequency of the equipment?

Is it 5G capable equipment?

Have residents in surrounding 500m been letterbox dropped with DA notices ?

I am a concerned resident with good reason.

Look up Debra Davies : scientific advisor to Clinton Administration.
