RE: DA2023/1395 1012 Pittwater Road COLLAROY NSW 2097

1010 1014 Pittwater Road, Collaroy

In response to the planned apartment and shopfront development I am strongly against this. We have lived in the area for 5 years and in that time have seen a significant increase in traffic, particularly in the last 2-3 years. We are already struggling with the dangerous amount of traffic constantly flowing through this small area. The new apartment/dwellings will only increase the amount of cars moving through the area, particularly Cliff Ave - as they will need to use this Road if they are travelling North from Pittwater Road. We don't have enough residential parking in the area to cater for the locals, let alone all the people who regularly use the sporting and recreational facilities found locally. We have had two children hit by cars in the Basin in the past 12 months - thankfully, one boy was uninjured and sadly the other wasn't. I do not feel safe allowing my children anywhere near the streets or roads in this area. We cannot sustain anymore parking for new residents, or anymore traffic.

I look forward to hearing from you regarding this.
Roberta Connaghan.
