RE: Mod2021/0983 - 231 Whale Beach Road WHALE BEACH NSW 2107

The increase in the number of patrons and wait staff at the restaurant proposed for this site has changed the nature of it from a local eating house as proposed by its zoning into a substantial function centre whose numbers exceed those permitted at Moby's Dicks, a matter that is totally contrary to community needs. This modification to the DA should be rejected. A more suitable number of patrons should be around 80.
