RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

closing Robertson road to develop those building will impact on the businesses activities who are trading in that road. also the car park at the back of robertson road will be used for trucks affected to that task and will result on a lack of carpark and push away people to come and shop in that street. Ancestral trees will have to be put down for that purpose. we are destroying the heart of newport, we need to rethink is development in a better way. putting again empty businesses below those appartement facing south is a joke.
