RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I would like to put forward my support for this DA application. As a resident of Curl Curl I find it unusual that parts of the suburb have zero mobile phone reception. In 2020, this is very difficult for people working from home, running their own businesses and conducting everyday life. I believe the benefits are many and outweigh any potential concerns.
