RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

Dear Assessing Officer,

Please drive around Bennett St/Stirgess Ave on a Sunday when cricket/AFL/hockey/netball is on. The streets are full of cars and roads reduced to one lane. How can you add to that the projected 500 cars for the markets?

This proposal seems to be relying on the 90-100 car spots in Freshwater Senior Campus. Let's get real and realise that people are not going to park there - it is too far from the market. They will instead be driving around the local streets looking for parking. 47 spots allocated from Harbord Bowling Club is clearly inadequate for a market of this scale.
