RE: DA2023/0976 - 20 - 22 Macpherson Street WARRIEWOOD NSW 2102

To who it may concern

I would like to register my strong objection to this development.

The density of housing for this site is beyond ridiculous! Too many people and cars, not enough parking nor green spaces.

More infrastructure is required before another development of this size can go ahead.

Please consider the present and future needs of Warriewood residents first, not developers!
