

Natural Environment Referral Response - Riparian

| | |
|--|---|
| Application Number: | DA2022/1501 |
| Date: | 11/11/2022 |
| To: | Kye Miles |
| Land to be developed (Address): | Lot 3 DP 31555 , 187 South Creek Road CROMER NSW 2099 |

Reasons for referral

This application seeks consent for the following:

- All Development Applications on land, and located within 40 metres of land, containing a watercourse, or
- All Development Applications on land containing a wetland, or located within 100m of land containing a wetland,
- All Development Applications on land that is mapped as "DCP Map Waterways and Riparian Land".

And as such, Council's Natural Environment Unit officers are required to consider the likely impacts on drainage regimes.

Officer comments

Supported.

This application was assessed in consideration of:

- Supplied plans and reports;
- Coastal Management Act 2016;
- State Environmental Planning Policy (Resilience and Hazards) 2021;
- Relevant LEP and DCP clauses; and
- Northern Beaches Water Management for Development Policy

The site is on land identified as waterways and riparian lands and as such the development must not significantly impact on the biophysical, hydrological or ecological integrity of this land, or the quantity and quality of surface and ground water flows that it receives.

All appropriate, industry standard precautions should be in place to ensure that the site does not harm the abutting waterways and riparian lands in any way.

On assessment the application meets the requirements of the relevant Environmental Planning Instruments and policies relating to waterways, riparian areas, and groundwater.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

Nil.
