RE: DA2019/0276 - 7 Clifford Avenue FAIRLIGHT NSW 2094

I am a resident at 2/8 Clifford Ave. I wish to make a submission in relation to alternations and additions to 7 Clifford Ave Fairlight - DA2019/0276. I note in the papers that consideration was given to view blockage for house 10 and 12 but not house 8. I have taken photographs of our current view which I can provide to you. The additions to property 7 will significantly raise the roof line and attached chimney of the property and block our current view of north harbour and we there therefore object to the height proposed on the basis that it will substantively reduce our current aspect and the value of our property for sale. Please confirm receipt of this submission and we will make ourselves available for any discussion or further information required. Many thanks for your consideration.
