To whom it may concern

It is with great sadness that I walked around Newport to Robertson Road yesterday and felt the reality that we are now at imminent risk of losing such a precious community space and gathering place to an insensitive development. The whole streetscape of Robertson Road, with small cafes and boutiques will be lost when there is an entrance to apartments for underground parking as well as the fact that all the newer developments in Newport Main street are extremely unattractive with concrete fronts and no aesthetics to recommend them. I fear we are facing more of the same and despite all the input from our community and so called 'consultation' we have no voice and have been ignored. Such an opportunity will be lost to improve our village and not destroy it. Please reconsider.

Yours sincerely

Debra Birch
