Subject: Market proposed for Pittwater RSL

Dear Council

We understand that there is a current proposal for a weekly or fortnightly market to be held in the carpark of the RSL.

The infrastructure around this area is not adequate to accommodate the increased parking and traffic flows. The current roadway is not safe for large numbers of people including children to alight from cars and move to market area, mainly due carriageway widths and short sight lines from the nearby intersection.

There are better venues for this market with safe areas for accessing the busy zones.

Regards Dave

David Edgley
Director
