Subject: Re Pilu DA 2022/2281

To whom it may concern

DA2022/2281 is under review and I would like to add my voice in support.

I have been a resident of 45/30 Moore Rd Freshwater, over the park from Pilu, since May 2008.

In that time, I have recognised Pilu as an iconic restaurant in our community.

In that time, I have enjoyed Pilu for its fine dining and at functions in the ground level function area.

As far as I know, the restaurant has always been compliant with regulations. I have never heard any noise or witnessed any trouble.

As the building essentially remains the same in the DA, I cannot understand any relevant complaints about the structure, noise or parking.

The Pilu team has been a great caretaker of this iconic building. I would hate to see the building become derelict if they were forced to leave.

Giovanni Pilu has been a great mentor to and trainer of many young upcoming chefs. Pilu offers a great employment opportunity for many young people.

I fully support DA2022/2281

Yours Sincerely

Denis Lynch

45/30 Moore Rd
