RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

I write to lodge my strenuous objection to the DA proposed for extension of the seawall along the Collaroy-Narrabeen beach front. I am a surfer and long time visitor to this beautiful stretch of beach and I fear that the proposed seawall will have terrible damaging consequences to the beach.

These types of constructions have been proven to be less effective than other types of erosion management systems such as rockwalls and other sloping structures. Secondly the DA itself is incomplete and lacking a huge amount of important detail. The whole process seems to lack proper consultation with the community and has been implemented with unseemly and disturbing haste. Yours sincerely . Paul Stenmark
