Subject: Development Application Number - DA2019/0856

Dear Ms. Rhiannon McLardy,

As per the discussion I had with you over the phone, I am writing to inform you, raising of the roof on the right side of this house, as part of the alteration they have proposed, will obstruct our limited amount of view we have to the water. As you may be aware when the previous owners of this house made modifications/alterations to this house, it significantly impacted our water views. This alteration proposal will further impact our view.

Happy to provide further details if required.

Regards

Dennis & Senaa Ravi
