Subject: re MOD 2021/0983

In light of the proposed amendment this objection is in regard to the size , scale and hours of operation of the proposed cafe. If approved it would be to the detriment of local residents of both Palm Beach and Whale Beach. The congestion ,noise, traffic, parking issues & garbage problems from the proposed 7 day , 15 hour, 190 seat capacity venue are unreasonable and unfair. The smaller proposal that was approved was reasonable. This is not .

Kind regards

Simon Greenaway
