RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

The northern beaches is in desperate need of a fresh produce market on a weekend that is a more central part of the peninsula. Warriewood markets has been such a success but it is impossible for people that work a standard 9-5 5 day a week job to attend. Not only is there a growing demand for these sorts of markets, but it is a fantastic way to bring the community together. By hosting a market on a Sunday people like myself that work will be able to visit the market on a Sunday without missing out. It also gives the community an opportunity to shop local produce and support small local businesses. With a growing interest in healthy eating, creating less waste and shopping for farmers market produce, the Curl Curl market will be a fantastic opportunity for the community and I very much look forward to seeing a fresh produce market in the area, that is more accessible for the community on the northern beaches .
