RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

I strongly object against this project. The northern beaches and the forest area was built on a reputation for low rise with dense forest area. This is our identity and we are proud to keep it that way. Our community and our culture does not match with high rise building. There are plenty of other opportunities for the council to use this land in a different manner. Thanks
