As a Manly resident I would like to submit my full approval regarding additional outdoor seating at Hugos on Manly Wharf.

I have lived in the heart of Manly (Wentworth St) for 20 years and believe Alfresco dining is a key factor in making Manly the easy living, attractive and exciting area it has become.

I've watched the dining and entertainment aspect of Manly grow and improve over 20 years. I believe the more of this the better it becomes.

Kind regards,
Debra Fitzgerald
