

Natural Environment Referral Response - Riparian

Application Number:	DA2021/2095
Date:	11/11/2021
To:	Kye Miles
Land to be developed (Address):	Lot 10 DP 243387 , 163 McCarrs Creek Road CHURCH POINT NSW 2105

Reasons for referral

This application seeks consent for the following:

- All Development Applications on land, and located within 40 metres of land, containing a watercourse, or
- All Development Applications on land containing a wetland, or located within 100m of land containing a wetland,
- All Development Applications on land that is mapped as "DCP Map Waterways and Riparian Land".

And as such, Council's Natural Environment Unit officers are required to consider the likely impacts on drainage regimes.

Officer comments

This application has been assessed against relevant legislation and policy relating to waterways, riparian areas, and groundwater.

As this site drains into the Pittwater waterway, the development must not significantly impact on the biophysical, hydrological or ecological integrity of these waters, or on the quantity and quality of surface and ground water flows to the waterway.

This application is supported as it is unlikely to have an adverse effect on the integrity and resilience of the biophysical, ecological and hydrological environment of the Pittwater waterway if conditions are adhered to.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

Nil.
