RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

I shop at the market on a weekly basis. It allows me to buy organic produce and also reduce my environmental footprint by buying unpackaged products- I see this as a benefit to our community but helping to reduce my waste. I value knowing where my food comes from and being able to speak to the farmers and market stall holders.

A sense of community and respect is found at the markets.. it is a grounding experience that I look forward to on my Sunday morning.
