Some things to consider :

- Our Street Parking changes for drops offs more restrictive parking with time limits 24 extra cars twice a Day and this does not include staff
- Additional Noise with Children
- Increased Traffic to the already busy street
- Parents blocking your driveway for drops offs and Picks ups *plus Bus Stops*
- Street Scape - Fences and amendments to accommodate the pre-school loss of the footpath
- Additional children on a Busy street that is already very dangerous
- It is not a purpose built pre-school so renovations will be required
- Additional Rubbish collection classed as Industrial
- Decreases property Values

*I dont know why a D/A is even  
CONSIDERED. IT IS THE WRONG  
PLACE*
