Officer comments

Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act) State Environmental Planning Policy (Coastal Management)

- Coastal Environment Area

Warringah Development Control Plan (WDCP)

- Clause E2 Prescribed Vegetation
- Clause E4 Wildlife Corridors
- Clause E6 Retaining unique environmental features

As the proposal is located wholly within the existing footprint, and does not require the removal of prescribed trees or vegetation, nor is it likely to impact on soft open space or nearby biodiversity values, the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
