Bus depot

15 jubilee ave warriewood.

Commenting on DA. Our concern is multiple issue.

1. Close to residential area, noise and fuel issues.
  2. Traffic congestion in small streets, which is already a very busy back street.
  3. The area suggested is very small, buses turning in and out of that area will be very restrictive. Blackmores trucks have difficulty turning into their drive way, so multiple buses going in and out would be very dangerous.
- Very restrictive access to Mona Vale rd in both directions.
