11 Boola Place Cromer (DA2023/1237)

I would like to add my support to this application as the area really needs to have an indoor cricket facility. As the Chairman of the Manly Warringah Junior Cricket Association Representative teams, we have over 400 young boys and girls trialing every year. If the weather is bad the outdoor facilities can be out of action for weeks so having this facility would make a huge difference to the cricketing community on the Northern Beaches.

I sincerely hope this application is approved.

Thanks

Scott Brewster
