Reasons for referral

This application seeks consent for any application on land or land being adjoining or adjacent to any parks, reserves, beaches, or foreshore
And as such, Council's Parks, Reserves and Foreshores officers are required to consider the likely impacts of the proposal.

Officer comments

It is noted that the proposed seawall will be constructed wholly on private property. Construction activities however will utilise public reserve for access, material storage and establishment of a protection bund for the works. Appropriate conditions designed to minimise impact on the reserve and users have been recommended.

Referral Body Recommendation

Approval - subject to conditions

Parks, Reserves and Foreshores Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

A Construction Management Program shall be prepared which includes the following:

- (a) The proposed method of access to and egress from the site for demolition, excavation and construction vehicles, including access routes through the Council owned or managed land and the location and type of temporary vehicular crossing for the purpose of minimising traffic congestion and noise in the area, with no access across public parks or reserves being allowed without Owners Consent being granted;
- (b) The proposed method of loading and unloading, demolition, excavation and construction machinery, excavation and building materials, formwork and the erection of any part of the structure within the site. Wherever possible mobile cranes should be located wholly within the site;
- (c) The location and operation of any on site crane; and details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

Parks, Reserves and Foreshores business unit must be notified of start date of works as soon as possible and within a reasonable time prior to the start of works

Reason: To ensure appropriate measures have been considered for site access, storage and the operation of the site during all phases of the construction process in a manner that respects adjoining owner's property rights and protects amenity in the locality, without unreasonable inconvenience to the community. (DACHPCPC1)

Working on Reserves Permit

Works (undertaken by principal contractors working without Council supervision) on land under Council's care control and management require a "Working on Reserves" permit prior to commencement. Applications can be obtained from Council's website or the Parks and Recreation business unit.

Reason: Public Safety and the protection of Council infrastructure. (DACHPCPC2)

CONDITIONS THAT MUST BE ADDRESSED PRIOR TO ANY COMMENCEMENT

Public Liability Insurance - Works on Public Land

Any person or contractor undertaking works on public land must take out Public Risk Insurance with a minimum cover of \$20 million in relation to the occupation of, and approved works within Council's road reserve or land under Council's care, control and management, as approved in this consent. The Policy is to note, and provide protection for Warringah Council, as an interested party and a copy of the Policy must be submitted to Council prior to commencement of the works. The Policy must be valid for the entire period that the works are being undertaken on public land.

Reason: To ensure the community is protected from the cost of any claim for damages arising from works on public land. (DACHPDPC2)

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

Removal of All Temporary Structures/Material and Construction Rubbish

Once construction has been completed all silt and sediment fences, silt, rubbish, building debris, straw

bales and temporary fences are to be removed from the site. Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

Reason: To ensure foreshore amenity is restored post works. (DACHPFPOC1)
