Hello,

My wife and I would like to fully support the development of the Manly Boatshed - DA2020/0514.

The proposal will benefit a number of constituents.

1. This site is ideally located for the large community of people who walk from Manly to Balgowlah, Manly to the Spit and now the tremendous Sydney coastal walk. Having a café in this beautiful location will be a wonderful addition for those walkers.
2. Kayaking has become a very popular sport. The Manly Boatshed have done a good job in providing a facility for kayakers. This upgrade will expand and greatly enhance the facility for those people using our great harbour.
3. The local community. I am sure this will be a wonderful addition for them, just as the upgraded Clontarf Marina has been for the Clontarf community.
4. And finally, the boating community. North Harbour badly needs a updated facility for the community of boat owners that have moorings in north harbour (which we are – we have a yacht moored in North Harbour).

We strongly recommend that this application be given approval to proceed. The building works will provide much needed jobs in these difficult times.

Kind regards,  
Stephen & Coleman  
27 Bower Street, Manly 2095
