

25/08/2021

PROPOSED SECTION 4.55 MODIFICATION TO DA 2019/1532
AT 1-3 FLORIDA ROAD PALM BEACH 2108

WASTE MANAGEMENT REPORT (CONSTRUCTION AND DEMOLITION)

There will be no waste from the proposed works, as the original failed stone retaining wall has been removed previously. No further demolition is required. No further excavation is required.

SEDIMENT & EROSION CONTROL PLAN

No sediment or erosion control is required. The proposed work involves filling a hole in the Right of Way to original ground levels.
