To whom this may concern,

We are writing to you as the coffee vendor at the Mona Vale Organic Food Markets at Pittwater RSL. We wanted to express our strong support for the continuation of the market into the future at Pittwater RSL.

This market in particular really saved our small business through covid. All our events were cancelled during 2020 and this market is what kept us going each week given it was recognised as an essential service during the pandemic. The markets continue to provide us, along with hundreds of others, with employment and income that is well needed at the moment.

Especially since covid, we ourselves realise what this market has done for our survival which is why we have also changed our shopping habits and now make this market the primary supplier of our weekly groceries. We truly hope to continue trading and shopping there and are certain the local community wishes the same.

Kind regards,
Igor Kovacevic
