**RE: PEX2024/0002 - 10 - 12 Dee Why Parade DEE WHY NSW 2099**

I think that the increase in height from 12/13 m to 32 m is far too much this will mean a lot of apartments a lot of people in one place.. many more cars in our crowded roads.. we suffer from crowded traffic, please before increasing the population of the northern beaches fix the problem of our roads, the state government only build new roads in the west and here they have forgotten the promised road/tunnel to the city even to Chatswood there is no good transport from NB please stop putting more people here fix this problem first
