**RE: Mod2021/0203 - 1102 Barrenjoey Road PALM BEACH NSW 2108**

Attn: assessment officer NB council  
In regards to application number MOD2021/0203  
1102 Barrenjoey rd Palm Beach.

I object to the proposed redevelopment at the above address  
This is just another soulless development that brings little  
Aesthetic appeal to such a beautiful and understated part of palm beach  
These apartments are not in keeping with  
The beautiful and historic Barrenjoey house right next door.  
Any new developments should not detract from  
One of the few historic landmarks left in the area.  
Another concrete driveway with roller doors  
Will be the street frontage.  
Residents of the Pittwater area are crying out to try and stop  
The mass produced concrete ugliness that developers  
Are desperate to inundate us with  
And redevelopment in such close proximity to such a beautiful and  
Historic building should be complimentary to that structure  
Not crowd and dominate it.  
Please I am not anti change or anti development  
Just anti this type of mass produced mess that  
Is being dished up with no thought for the natural  
Beauty that we are losing so quickly in Pittwater
