RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

Dear Sir Madam

I've spent most summers in the last 40 years at Terrigal and Wamberal beaches.

I'd like to continue to do this with my kids & possibly grand children.

Please leave the beach alone, science overwhelmingly says that a concrete Seawall will see it disappear.

There are other environmental and cost effective measures then a Seawall.

Kind Regards

Michael

Please leave a legacy and make a brave decision as apposed to an easy decision, leave a legacy for these beaches
