Comments:

DA2016/0228 Mod2016/0060I do not agree extending the opening hours of the service station to a 24 hr facility. This is a residential area & is surrounded by single storey family homes. I do not want any trucks filling up for diesel thru the night. I do not want any deliveries of fuel during the night. I do not want any trucks backing up, sounding their reverse beeping with their engines running & emptying loudly metal skip bins during the night. I do not want this place to become a 24 hr shopping ctr for goods sold, cigarettes, ATM cash withdrawals, food items snacks etc all night. I do not want it to be used as a 24 convenience toilet for taxi drivers or other all night shift workers. They do not only provide petrol. These are our homes along Cornish Ave & residential, not a shopping centre or industrial area like Brookvale. If this must be considered as an all night then there must be NO entrance or access anywhere along Cornish Ave. The entrances

must be shut with boom gates. Car lights shine straight into bedroom windows enough already. It is already open from 5.30am till 12.30, that should be sufficient in a residential area. We are not even a development area other than residential homes, no units, no townhouses etc. It is a low density housing area! thank you.

PERSONAL DETAILS

Are you making a query for yourself or on behalf of an organisation?:

Individual

Title:

Ms
