RE: DA2021/1620 - 31 Moore Road FRESHWATER NSW 2096

Concerned about the how the new DA to expand Harbord Hotel will affect our residential area. Although a great job has been done so far to breathe life into the establishment, and it's great that they are doing well, another outdoors (elevated!) area is bound to increase noise levels significantly, which will also travel further across the village. It's an area full of homes with neighbours literally on their doorstep. As much as we all can't wait to socialise, dine & drink out and indeed a good shindig, it's not cool and respectful to the residents in the area, who didn't sign up for this level of hullabaloo.

I
