RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

In my opinion: The proposed building does not suit the character of Whale Beach at all, and should be rejected out of hand.

The northern beach villages were already premier places to visit and to enjoy their peace and the natural beauty of bushland and beaches more than a hundred years ago, and it's only in the last few decades that greater residential development has taken place.

The gross concrete development proposed is of unjustifiable scale and inharmonious lines. Just to submit or support this monstrosity is a slap in the face to the neighbourhood and to the genial ambience of Whale Beach.
