**RE: DA2019/0400 22-24 Raglan Street, Manly**

**Summary of Design Changes on Amended Drawings Submitted**

The amended drawings are to reduce the overall works to be included in DA2019/0400. Due to project time constraints we would like to include works to the external building façade only.

The proposed works include painting external façade facing Raglan Street, new signage to entrance, replace existing windows & doors as shown, remove existing planter box & replace existing paving.
