RE: DA2024/1249 - 0 East Esplanade MANLY NSW 2095

DA2024/1249

The new Felons footprint is now including the public walkway in front of the Felons bar. Bar tables have been installed on the rails of the public walkway in front of the bar and roped off picnic tables at either end of the public walkway. Today I noted a sign at the entrance to the walkway from the ferry side stating:

"Welcome to Felons Manly

You are entering a licenced area.... Under 18's to be accompanied by a legal guardian".

So U18's are unable to walk themselves on the public walkway to the ferry - what is happening to public space. When was this approved?
