Officer comments

The application seeks approval for the demolition of existing house and attached secondary dwelling, construction of new double storey dwelling with garage and secondary dwelling underneath, swimming pool and roofed pergola and landscaping. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act) Pittwater Local Environmental Plan (PLEP)

- 7.6 Biodiversity Protection

Pittwater Development Control Plan (PDCP)

- B4.7 Pittwater Spotted Gum Forest - Endangered Ecological Community

The application does not require the removal of prescribed trees or vegetation, nor is it likely to impact on nearby biodiversity values. No objection is raised to the submitted Landscape Plan (P.A Byrne Constructions 2021). Subject to conditions the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.
