RE: DA2019/0200 - 130 Old Pittwater Road BROOKVALE NSW 2100

I object to this OVER development of the wildlife corridor between Warringah Mall and Allambie Heights. This area is a sanctuary for owls and other animals native to this area. The bushland here also provides a barrier between the mall and the residential area in regards to noise. As working hours increase, so does the noise - please allow the residents that overlook this bushland the right to a peaceful living environment. STOP allowing development to ruin our beautiful leafy suburbs!
