RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I believe the apparent need for a new mobile tower is not sufficient to justify it's construction, and that even great community need would not justify the destruction of important habitat for this area. This would undo years of habitat rehabilitation and negatively impact the natural environment and it's native species near the lagoon.
