Hi Penny

Thanks for your time today and coming to our home to discuss the above application. As mentioned we are concerned the impact the granny flat will have on our main living/kitchen area, we understand that all council guidelines are being met but are worried about the outlook from the windows in these rooms. We are hoping that our neighbours would consider sharing the cost of a new fence with an addition of a hardwood privacy screen on top. We understand that the fence has nothing to do with the council but if we agree to a privacy screen (purely for aesthetics) then we should replace the fence at the same time.

Kind regards  
Nicole
