Privacy and Personal Information Protection Notice

The personal information requested in this form is required by or under the Environmental Planning and Assessment Act 1979 and will only be used by Warringah Council in connection with the requirements of that Act and any other relevantly applicable legislation relating to the subject-matter of this application. The information is being collected for the following purposes, namely, to enable us to (1) process and determine your application; (2) contact you in relation to your application should that be necessary; and (3) keep the public informed by making the application publicly accessible. If you do not provide the information, Council will not be able to process your application, and your application will be rejected.

Your application will be available to Councillors and Council Officers. Members of the public have certain rights of access to information and documents held by Council under the Government Information (Public Access) Act 2009 (GIPA), and under the Privacy and Personal Information Protection Act 1998 (NSW) to the extent permitted by those Acts.

Warringah Council is to be regarded as the agency that holds the information, which will be stored on Council's records management system or in archives and may be displayed on E-Services Online (except as regards to personal particulars). You have a right to access information within the meaning of the Privacy and Personal Information Protection Act 1998 (NSW) on application to Council, and to have that information updated or corrected as necessary. Please contact Warringah Council if the information you have provided is incorrect or changes or if access is otherwise sought to the information. In addition, a person may request that any material that is available (or is to be made available) for public inspection by or under the Local Government Act 1993 (NSW) be prepared or amended so as to omit or remove any matter that would disclose or discloses the person's place of living if the person considers that the disclosure would place or places the personal safety of the person or of members of the person's family at risk. Any such request must be made to Council's General Manager: see s.739 of the Local Government Act 1993 (NSW).

Statement Accompanying Section 96 Amendment

Installation of Fire Sprinkler System

156-164 Ocean Street, Narrabeen

THE PROPOSAL

The proposal is to install a sprinkler system to the aged care facility in order to comply with the new sprinkler legislation (clause 186K(1) of the *Environmental and Assessment Regulation 2000*),

This modified application comes about after discussions with Fire Safety Engineer BCA Logic Pty Ltd whereby it was determined that conditions existed for a Performance Based Alternative Solution to the Sprinkler Standard to allow the deletion of Sprinklers to the Basement Carpark of the Building, similar to the requirements of Clause/Specification E1.5 of the BCA due to the ability for the sprinklered and non-sprinklered portions of the building being able to be fire separated with FRL 120/120/120 construction.

The modified design will now incorporate a fire rated wall to basement level to fire separate between the carpark portion of the basement level and the laundry/lift shall toward the eastern end of the basement level, in accordance with advice provided by BCA Logic Pty Ltd. The specific design requirements for this fire separating wall will be documented with a Fire Engineered Alternative Solution to the satisfaction of the certifier prior to issue of a future Construction Certificate.

As a consequence of the deletion of the sprinkler system to the carpark there is a significant reduction in the flow requirements for the sprinkler system to the remainder of the building such that compliance with the Sprinkler Standard AS2118.4 is able to be achieved without the need for onsite water storage tanks and this has been confirmed by Hydraulic Consultant Peter Donnelly of Niven Donnelly & Partners Pty Ltd.
