

## Environmental Health Referral Response – commercial use

**Application Number:** DA2024/0702  
**Proposed Development:** Use of Premises as a home business  
**Land to be developed:** Lot 19 DP270121, 10 Garigal Place, Mona Vale

1. The food will be delivered to the customers chosen address. The food is to be transported in applicant's car. The food will be transported:
  - At a safe temperature, ie any hazardous food that needs to be kept cold will be transported in insulated containers with ice packs, ie at 5 degrees or colder. Equally food that needs to be kept hot will be transported in insulated packaging with heat packs to keep food at 60 degrees or hotter.
  - Free from contamination in appropriate packaging to protect the food, ie food grade packaging, that is clean with the appropriate covers.
  - Ready-to-eat foods will be separated from raw food so as to avoid cross contamination
2. It is intended that food will be transported locally within a 15 km radius.
3. Customers will not collect the food
4. Food & food utensils will be stored in the existing kitchen of the premises. Please refer to site drawings. There are adequate, separate cold/dry storage areas for the food that is for sale.
5. It is very much unknown at this stage the quantity of food I am expecting to produce each week. It is not expected to be large quantities.
6. I am not planning to deliver to schools or workplaces. I am intending to cater for Funerals only.
7. The type of food I am anticipating to prepare is predominantly light food, i.e sandwiches, sausage rolls and fruit platters.
8. There are no pets on the premises.
