**RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107**

Please view this as a strong vote not to approve the above mentioned submission. I am not in favour of this submission due to the overwhelming effect it will have on the landscape, traffic, neighbours and character of the area. I can not see any upside to allowing an excavation of this magnitude to take place. Being a slip-zoned parcel of land with such massive exposure to the elements, this can only end in multiple changes to the designs, but consider the cost to the locals as the traffic interruption would be unbearable.

It is another disappointment in that a submission like this can even get to this stage. I believe council has a job to do in standing for the overall good of the region and ensuring the flora and fauna are protected. To even consider such a proposal is ridiculous.
