Attention Phil Lane Principal Planner

Dear Sir

I wish to raise a few points regarding the above DA.

I have no objection to the outdoor dining area becoming permanent. But what I and fellow residents across Mona Vale Road vehemently object to is the very loud music being played at illegal decibel levels.

This music is switched on often before the Club is actually open for business. It would appear that staff setting up the area are doing this, which we feel is totally unnecessary.

It is enough that we will now have a four lane road outside our homes which will consequently increase noise levels. So any extra noise is not conducive to our peaceful enjoyment in our homes.

We would be most appreciative if perhaps Council could endeavour to control this problem on our behalf.

Regards

Margaret Danswan
