RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

To Who is the Assessing Officer. I and my family are strongly opposed to this DA2020/1063 on the following grounds listed below.1)Lights facing in southerley direction,as we get the lights from Rueb Hudson &Denzil Joyce Ovals at night shining through our bedroom windows.2)Lack of parking in Manuella Pl,Bennett St,&Holloway Pl.3)Noise Factor until all hours of the night 4) Loss of Quality of life.5)Vandalism and property destruction and disruption.We have lived here since 2010 or longer all we see is continuing destruction of our quality of life,you cant park in any of the listed streets as it is on school days, weekend sport days and now this as you can see from above problems this proposal should be not allowed to be passed as explained above Thank You
