RE: DA2020/1167 - 9 Francis Street DEE WHY NSW 2099

I wish to register my dismay at the sheer scale of the proposed building just down the road in Francis Street. As a long time business owner in the immediate vicinity, I am concerned that such a building will not be "in keeping" with other buildings in the area. While I agree that low-cost housing is an urgent necessity, the fact that other intended inclusions like a cafe and a community centre is space better put to additional dwellings. I am also informed that the building is at the expense of NDIS funding, yet there will only be 2 disabled car spaces! How does this work????
