Subject: TRIMMED: Development Application no. DA2022/1732

Sir,

I have received notice of a development application at Lot 54 DP14682 1015 Barrenjoey Rd. Palm Beach which is immediately next door to my property.

I wish to lodge an objection. I am concerned at the noise as a result of the pool being proposed in front of the gazebo and that it may well create a precedent

For other property owners along the beach front to also want to put in pools. There is a very valuable green lawn environment all along the beach front which

Is a great asset to the local community that use it frequently.

I am also concerned at the effect on the water table as there is an aquifer under and adjoining my sub basement .

Consideration should be given to relocating the pool between the house and the gazebo.

I trust the council will give serious thought to these matters.
